

GASCS China Value-added Services

Free Support 7/24/365

GASCS will arrange SCR for each plant with 24/7 hours service if requested even including in all the National holidays.

GASCS OMS Tracking & Trace System

GASCS has developed Tracking & Trace Systems to better serve customers. This system can be used in different user scenarios, and all information and documents related to goods can be queried in the system.

Free Apply for Implant Service

GASCS can apply Implant staff base in each factory if requested to great support our daily operation and communication.

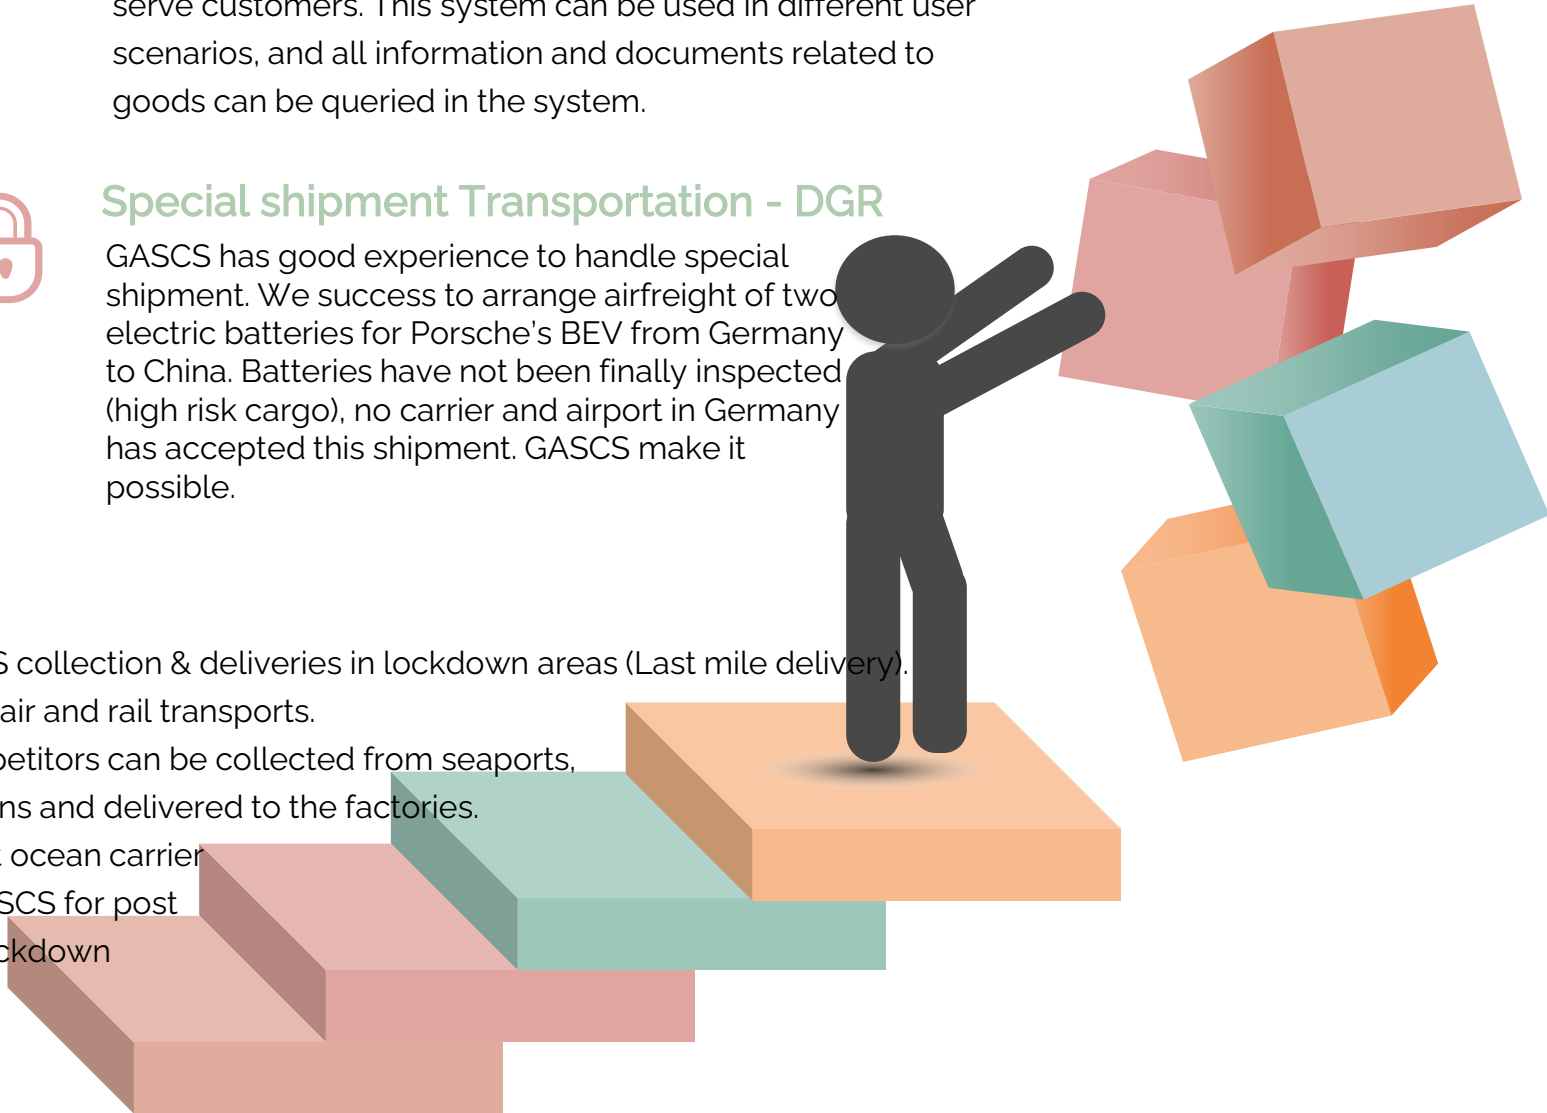

Special shipment Transportation - DGR

GASCS has good experience to handle special shipment. We success to arrange airfreight of two electric batteries for Porsche's BEV from Germany to China. Batteries have not been finally inspected (high risk cargo), no carrier and airport in Germany has accepted this shipment. GASCS make it possible.

Transportation License during special period

- License allows GASCS collection & deliveries in lockdown areas (Last mile delivery).
- Applicable for ocean, air and rail transports.
- Shipments from competitors can be collected from seaports, airports and rail stations and delivered to the factories.
- Customers with direct ocean carrier contracts can use GASCS for post and pre carriage in lockdown areas.

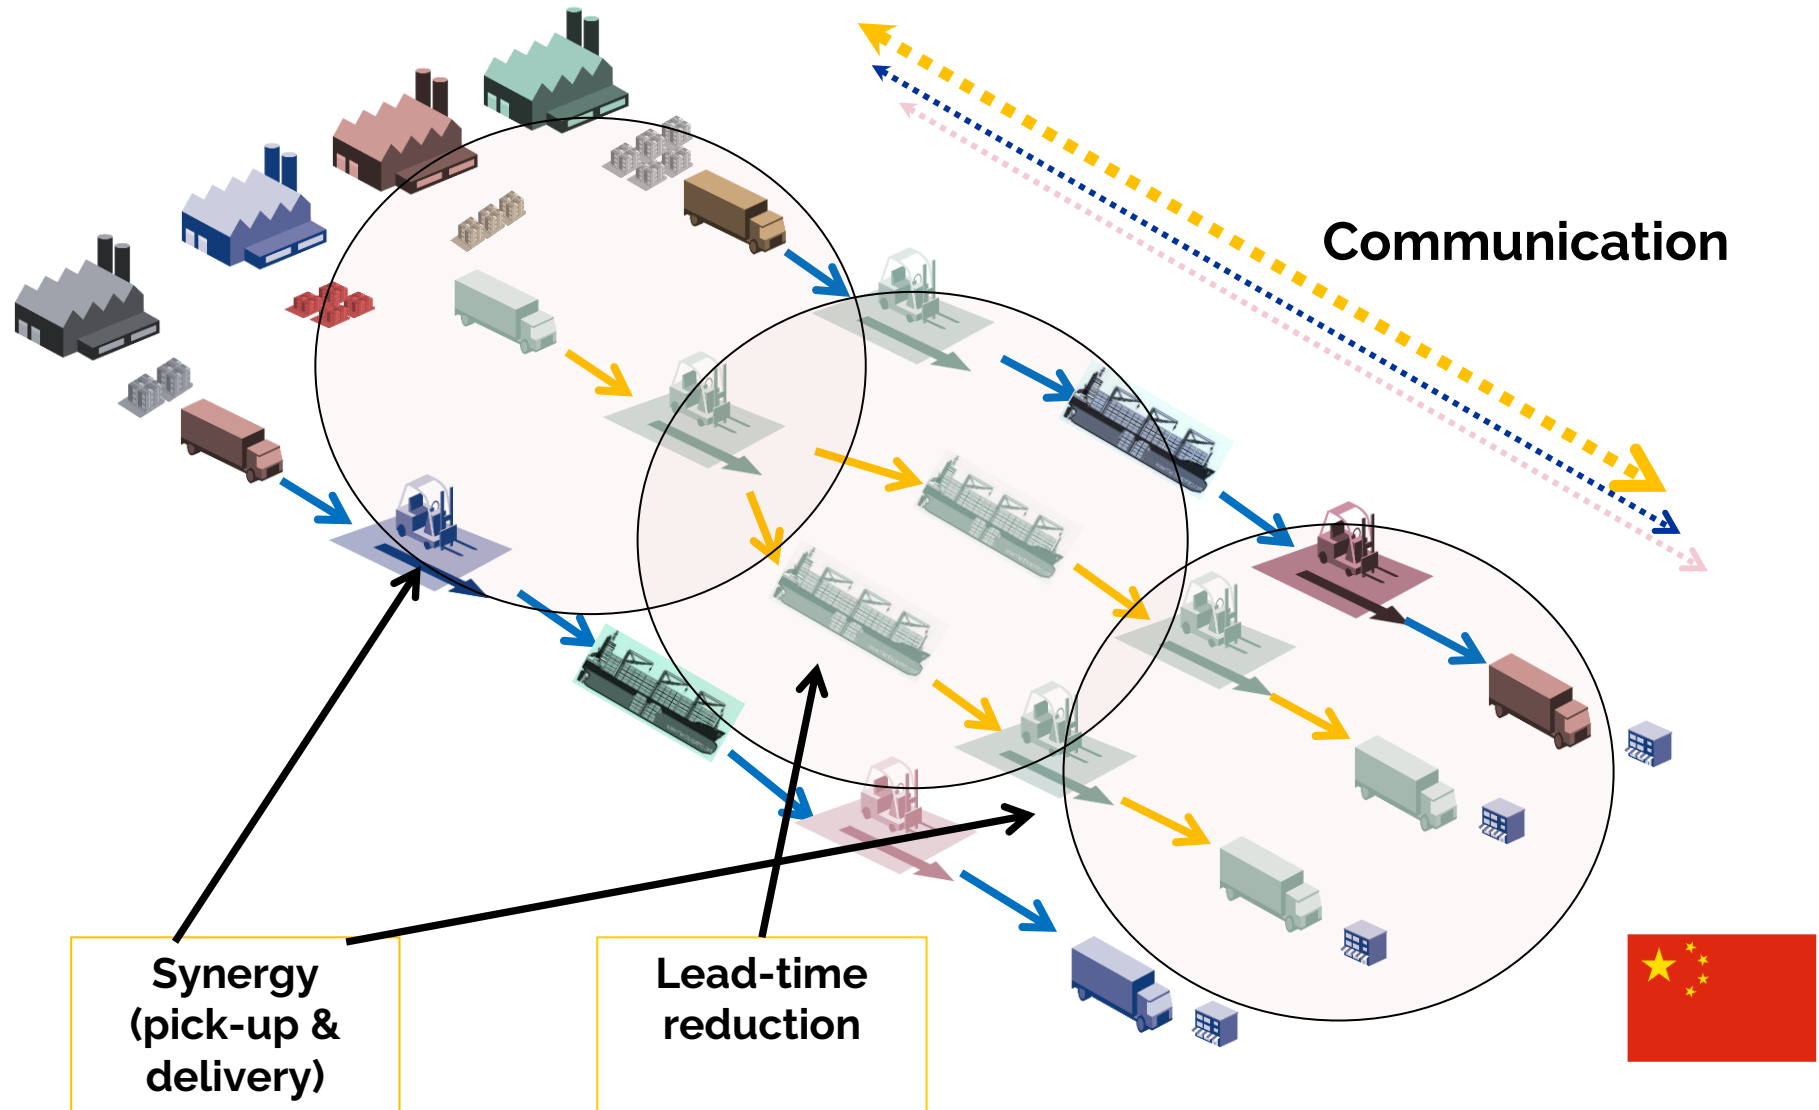

Integrated Service Package

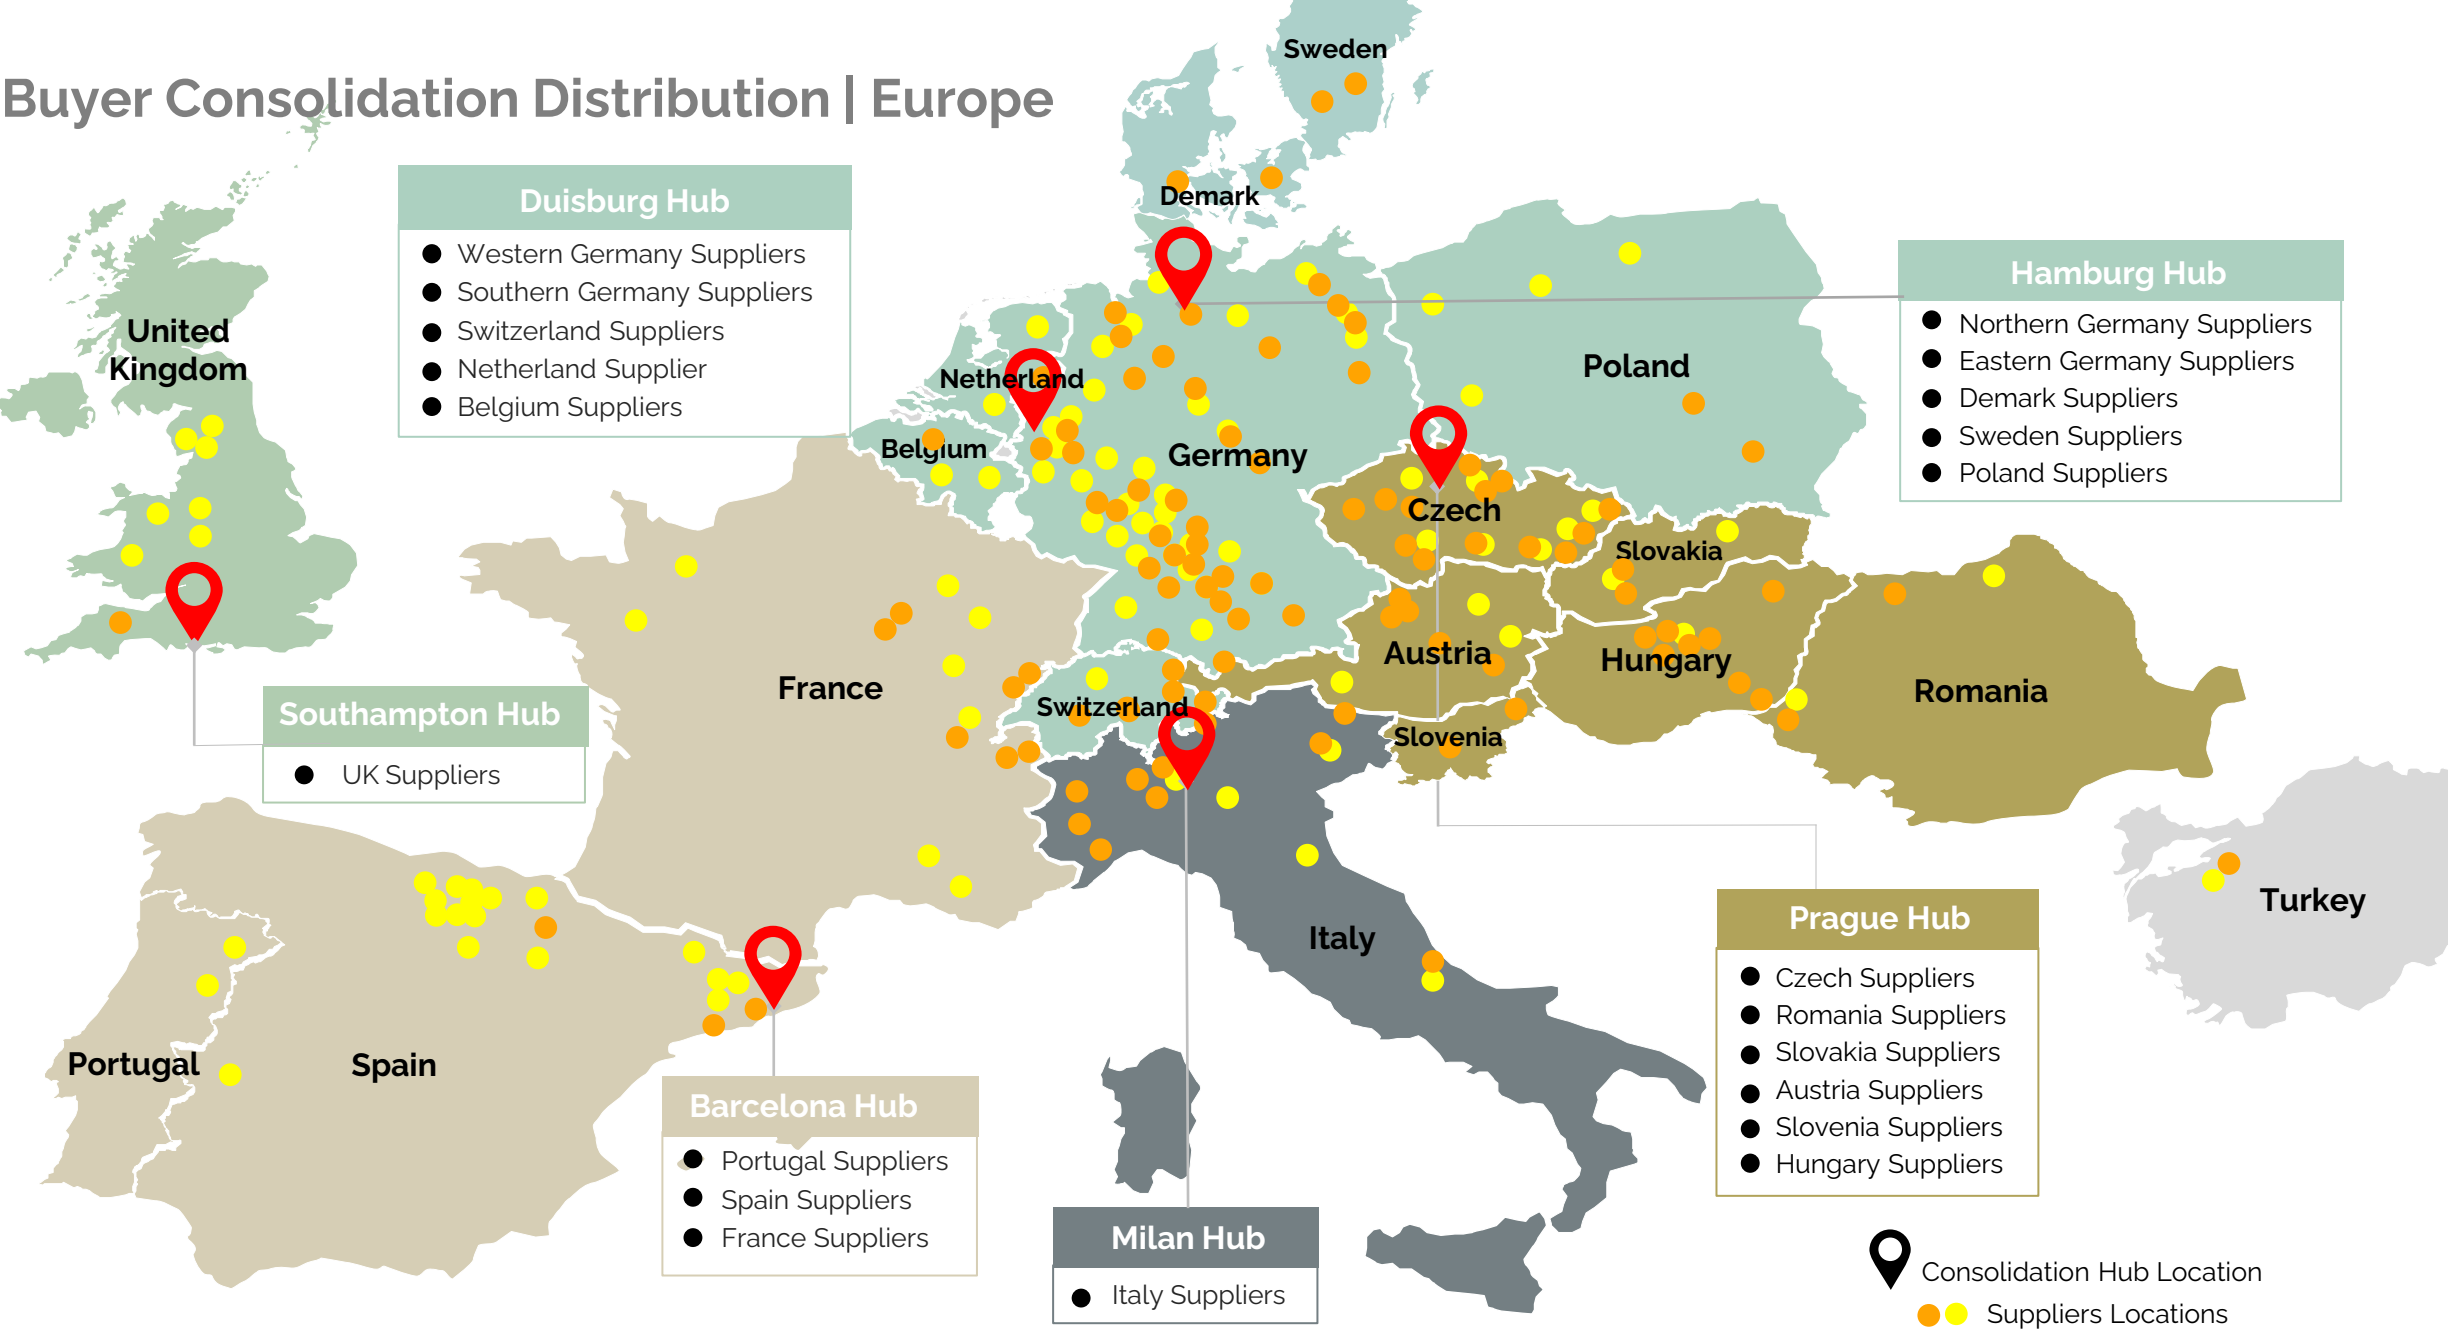

An experienced operator

Standard Damage Claim Procedure

Contingency Action Plan for Delay Shipment

In case of the delay by ocean freight shipment, GASCS will take action as following:

- ◆ Notify Continental delay information immediately.
- ◆ Provide the update shipment schedule to Continental.
- ◆ Verify with the factory all parts of the goods affected by the delay and develop corresponding emergency plans based on the time and scope of the impact.
- ◆ Determine transportation method for the replacement plan by rail or air based on the breakpoint time of the material.
- ◆ Give the confirmation of routing and schedule for the replacement to Continental.
- ◆ Closely track the delayed goods and notify the factory as soon as possible if any delay again.
